Boom UNO

an all-in-one solution for superior meetings

The Boom UNO combines audio and video delivering an all-in-one solution for work from home, huddle rooms and small meeting spaces. Enjoy the ultimate in collaboration solutions with HD video and omnidirectional speakerphone in a compact, stylish package for Better Meetings. Simply.

Say more with a smile

If 80% of communication is non-verbal, communicate the whole story with 1080P HD video with 120° wide angle field of view.

Audio matters

With Full Duplex HD audio, hear everyone loud and clear. Speak naturally with dual 360° omnidirectional microphones with Dynamic Noise Reduction, echo cancelation and noise suppression ensuring your voice is heard in HD.

Keeping it simple

Join meetings in seconds with a single USB cable. Enjoy professional audio and video on any platform, no drivers required. With the Boom UNO - one cable brings you closer.

We've got you covered
