EASYCONNECT MPX 250
BYOM COLLABORATION SWITCHER

EasyConnect MPX 250 is an innovative BYOM collaboration switcher with integrated charging, cable management and control of the meeting room equipment.

Simply plug in the USB-C cable to your device and press a button to start sharing, get internet access, and take control of room equipment such as camera, speakers and microphones. Enjoy meetings with reliable connection, fully powered laptops and a clutter free table.

Bright and vivid colors guide you during the meeting. In combination with the touch controller it allows the connected participant to control and switch who is sharing their screen and has control of the connected in-room equipment such as cameras, microphones and speakers.

| Idle | Charging | Sharing | HDMI Ingest |
